Subject: Letter of recommendation

DC Coaters has been a supplier to Batesville Tool & Die for many years. I highly recommend them as an E-coat service provider.

As a high volume deep drawn stamper to the automotive and appliance industries, it is imperative that Batesville Tool & Die have production partners/suppliers who will work in unison with us to provide high quality product on time to our customers. It is also essential to provide cost effective solutions to issues as they arise. DC Coaters has performed very effectively in these areas. They have earned the privilege of becoming our highest volume E-coat supplier. Please feel free to call me with any questions, comments or concerns.

Sincerely,

Paul Mersch;
