Tipton, IN 46072

Stephen:

Wainwright Industries is grateful for our partnership with DC Coaters and excited about the opportunity to expand that partnership as the economy continues to improve.

Wainwright considers DC to be a step ahead of your competition in quality, cost and responsiveness. I have enjoyed my personal association with you and your staff as we have worked on launching new projects together.

I would be happy to provide a positive reference for DC Coaters. Feel free to have potential customers contact me directly anytime at the phone number listed below.

Best regards,

Rich Pikey
Director of Operations
