Linda:

I have recently reviewed D.C. Coaters performance for calendar year 2000. I must congratulate on 100% on time and 100% defect free performance since the June ramp up of our shield program. I must admit that I had personal reservations about a sub supplier shipping directly to our automotive customer without our intervening inspection. However, your performance has extinguished these concerns. Please keep up the good work. We are counting on you continued outstanding performance and consider our relationship as a strength in our supply chain offerings to our customers.

Thank you,

Patrick Pohl
